

2018 WHEAT VARIETIES

Proven. Local. Performance.

EBBERTS 916 Early Maturity – Smooth Head Type

Consistent TOP END yield and the KING of TEST WEIGHT.

Locally adapted for Ohio soil types – consistently a top yielding variety in testing year over year.

Medium tall height with dense tillers – well suited for 15” row spacing.

Excellent straw producer, one of our best. Plant with confidence.

EBBERTS 990 **NEW** Medium Early – Bearded Head Type

YIELD LEADER in elite genetic test trials. Brings superior TOP END yield with impressive defensive traits.

Type 2 head scab resistance plus an excellent scab rating. Outstanding against the Rust disease complex.

Excellent rating for standability, great choice for heavier N applications. Dense tillers, works well in 15” rows.

THE COMPLETE PACKAGE with yield, quality, and test weight.

EBBERTS 903 Medium Maturity – Smooth Head Type

The #1 TOP YIELDING smooth wheat for 2018. Outstanding in state yield trials the last 2 years.

Ranked 1st in our genetic yield trials beating Pioneer and Agri-Pro smooth varieties.

Brings type 2 head scab resistance plus stripe rust resistance. Excellent overall disease package.

A MUST PLANT for 2018! Very Good test weight with consistent +60 lb.

EBBERTS 936 Medium Maturity – Bearded Head Type

One of our TOP YIELDERS 2 years running! Huge upside in high yield environments.

Head scab resistance plus excellent test weight promotes superb grain quality.

Medium height with dense tillering,

Prime candidate for high management, big response to fungicide at Flag Leaf.

We're Right for Ohio and Indiana

Our corn, soybean, and wheat portfolio is selected specifically for farmers in Ohio and Indiana. Our family-grown company can offer you proven yield performance and exceptional service.
