

# 9121SSX RIB

## 111 Days Relative Maturity

**ELITE TOP END YIELD LEADER** plus strong defensive agronomic strengths. Semi-flex ear type with heavy test weight and deep kernels that add yield. Very good stalk strength and season long standability. **TREMENDOUS YIELDER** that really punches out the bushels.

**Management/Positioning:** Works on all soil types. Excellent fit for high yield environments and productive soils. Shows a strong response to foliar fungicides. Medium to High recommended plant populations, will respond to higher pops. Good drought stress tolerance.
