

9292SSX RIB

112 Days Relative Maturity

CONSISTENT PERFORMER YEAR IN YEAR OUT. Strong yield punch in favorable growing conditions but stable under stress and wetter prone soils. Tall plant height with excellent standability. Heavy test weight with good tolerance to ear rots. Awesome workhorse type hybrid that yields like a racehorse!

Management/Positioning: Widely adapted for all soils and yield environments. Excellent drydown in full season genetics. Outstanding ability to handle all types of growing environments and soils. Dependable hybrid that you can count on to perform every year.
